Subject: Gulfstream Nintex Training Follow-up

My sincere apologies for the delay in sending this out. Overall I think the training went well and I really enjoyed interacting with your team, they were very engaged. As I mentioned in class, I highly recommend encourage continued education for this product that is always evolving. So as promised I am including some helpful reference links that you can send on to them as well as some resources to help answer specific questions that came up in class.

This is probably the number one go-to site for documentation, tips, demos, videos, and help for Nintex products…
